REQUEST FOR CERTIFICATE OF CORRECTION

ATTN: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

In accordance with 37 C.F.R. § 1.323, patentees, through their attorneys, respectfully request that a Certificate of Correction be issued in the above-referenced patent.

In proofreading the original of the United States Letters Patent 6,749,317, the following printer errors were noted, and the owner of the patent, through his undersigned attorney, respectfully requests issuance of a Certificate of Correction.

Some of the following mistakes occurred as a result of inadvertent errors on the part of the applicant, and it is for this reason that the Certificate of Correction is being requested under 37 C.F.R. § 1.323, and the fee of \$100.00 is submitted herewith in accordance with that section. The mistakes are either (1) of a clerical nature; (2) of a typographical nature; or (3) mistakes of minor character. The proposed corrections do not involve changes that would either constitute new matter or require reexamination.

Specifically, the following errors should be corrected:

The corrections to the References Cited, Specification, and Claims sections are outlined on Form PTO-1050, two copies of which are included herewith.

In the Drawings:

Correction to FIG. 2

In the drawings, Sheet 1, FIG. 2, the reference numeral "2" should read --12--.

This corrects a typographical error. In the specification, reference numeral 12 refers to "a side cover" while the numeral 2 is not used. As corrected, FIG. 2 should therefore appear as follows:

A copy of the drawing sheet showing with the correction to FIG. 2 highlighted is attached hereto and is entitled "Marked-up Copy of Sheet for FIG. 2."

The correction to FIG. 2 is outlined on Form PTO-1050 and the referenced "Replacement Sheet for FIG. 2." Two copies of each document are included herewith.

Correction to FIG. 9

In the drawings, Sheet 3, FIG. 9, the reference numeral 34 and the related lead line should be applied to the counterbore.

In the drawings, Sheet 3, FIG. 9, the reference numeral 36 and related lead line should be applied to the terminus of the counterbore 34.

A portion of the specification that refers to FIG. 9 (see column 9, lines 1-10) identifies a counterbore 34 and a terminus 36. However, the current FIG. 9 does not have these reference numerals or lead lines for them. As corrected, FIG. 9 should therefore appear as follows:

A copy of the drawing sheet showing the corrections to FIG. 9 highlighted is attached hereto and is entitled "Marked-Up Copy of Sheet for FIG. 9."

The correction to FIG. 9 is outlined on Form PTO-1050 and the referenced "Replacement Sheet for FIG. 9". Two copies of each document are included herewith.

Please make these corrections of record. A check in the amount of \$100 is included in accordance with 37 C.F.R. § 1.20(a). Should the proper fee not be enclosed herewith, the Commissioner is authorized to charge the unpaid amount to Deposit Account 23-0920.
